Re: Contract N62470-95-D-6007
Navy CLEAN, District III
Contract Task Order (CTO) 0268
U.S. Naval Station Roosevelt Roads (NSRR), Puerto Rico
RCRA/HSWA Permit No. PR2170027203
Draft TCE Plume Source Delineation Work Plan
Tow Way Fuel Farm (SWMU 7/8)

Dear Mr. Everett:

Baker Environmental, Inc. (Baker), on behalf of the Navy, is providing you with two copies of the Draft Trichloroethene (TCE) Plume Source Delineation Work Plan for the Tow Way Fuel Farm (TWFF). The Corrective Measures Study (CMS) process for the TCE plume at the TWFF will be handled separately from the current CMS process for the phase separated hydrocarbons also located at the TWFF. The rationale for separating these two CMS processes is that the TCE plume at the TWFF is located in a different area outside of the known PSH contamination. This document is being submitted in accordance with the Navy's recommendation found in Section 8.0 (Identification of the Corrective Measure Alternative) within the Final CMS Task I Report for the TWFF submitted April 22, 2003.

If you have questions regarding this submittal, please contact Mr. Kevin Cloe, P.E. at (757) 322-4736. Additional distribution has been made as indicated below.

Sincerely,

BAKER ENVIRONMENTAL, INC.

Mark E. Kimes, P.E.
