Attn: Mr. Richard J. Condit, Section Leader

Subj: Tentative Order for the U. S. Navy, Naval Air Station, Alameda,
Class II-2 Solid Waste Disposal Site, Alameda and San Francisco Counties

Gentlemen:

This Command has reviewed the subject tentative order and offers the following recommendations:

1. Item 8, page 2

The last sentence should be revised to read "The discharger acknowledges that the cut-off wall may not provide complete leachate containment; if adverse conditions are detected in the course of the monitoring program, further work may be necessary."

2. Item A.1, page 3

This item should be revised to read "The discharge of any wastes or water that has been contaminated by waste material to surface water or groundwater is prohibited."

3. Item D.4.b, page 5

The completion date of final cover and grading should be changed from 1 October 1986 to 1 October 1989; accordingly, the report compliance date for this task should be changed from 15 October 1986 to 15 October 1989.

4. Item D.5.a, First paragraph, page 5

The parenthetical words "including the results of a dynamic analysis" should be deleted.

ALAMEDA/NAS

5. Item D.2, page 5

This item should be revised to read "The discharger shall file with the Board a monitoring program (or programs) for approval by the Executive Officer."

This Command appreciates the opportunity to review the subject tentative order. Please refer any questions to Alex Dong of this Command on (415) 877-7496.

Sincerely,
