SUBJECT; IDENTIFICATION OF STATE "APPLICABLE" OR "RELEVANT AND APPROPRIATE" REQUIREMENTS FOR REMOVAL ACTIONS AT ALAMEDA POINT, ALAMEDA, CALIFORNIA

Dear Ms Clark:

Thank you for your letter requesting ARARs for possible cleanup actions at IR Sties 14 and 15 at the former Alameda Naval Air Station. In order to expedite your request, please provide the following information:

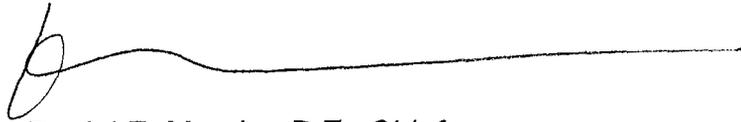

1. Direction to the specific document or documents upon which the Navy is relying to provide a concise review of the contamination issues at these two sites, including a single listing of the constituents of concern and the concentrations of those constituents, and the extent of the contamination related thereto; and
2. Direction to the specific document or documents upon which the Navy is relying to describe, to the extent currently known, proposed actions intended to address such contamination on either an interim or permanent basis.

Ms. Glenna Clark

While I recognize that such information has been made available in various documents and discussions in the past, provision of the above will be most useful to ensure that DTSC is providing guidance on the most current form of the proposed actions.

If you have any questions, please contact me at (510) 540-3772.

Sincerely,

A handwritten signature in black ink, appearing to be 'D. Murphy', followed by a long horizontal line extending to the right.
