Subject: DHS COMMENTS ON THE PROPOSED REVISIONS TO THE SAMPLING
PLAN FOR PHASES 2B AND 3 OF THE RI/FS AT NAVAL AIR
STATION, ALAMEDA.

Dear Mr. Wong:

This letter is in response to your letter to DHS: 5090 Ser
1811WW/00749, received at DHS on July 1, 1991.

Proposed Revised Scope of Work. The proposed revisions apply
primarily to the number of geotechnical and feasibility study soil
samples to be collected. Additionally, some analyses are
eliminated. The proposed revisions apply to the February 15, 1991
Work Plan prepared by PRC Environmental Management (PRC) and James
M. Montgomery Consulting Engineers (JMM). The PRC/JMM work plan
was based on the initial interpretation of Canonie Environmental's
(Canonie) February 1990 Sampling Plan. DHS concurs with the
proposed revised scope of work.

Please call Eileen Hughes at (415) 540-3848 if you have any
questions.

Sincerely,

A handwritten signature in cursive script that reads "Eileen Hughes".
