REVIEW OF RESPONSE TO COMMENTS ON THE SURVEY AND SAMPLING PLAN FOR REMOVAL OF CONTAMINATED STORM DRAIN BETWEEN MANWAYS 5F AND 6F, ALAMEDA POINT, ALAMEDA, CALIFORNIA

Dear Mr. Kikugawa:

The Department of Toxic Substances Control (DTSC) and Department of Health Services (DHS) have reviewed the Navy's response to comments on the survey and sampling plan for removal of contaminated storm drain between manways 5F and 6F at Alameda Point, dated April 22, 1999. Our preliminary comments have been transmitted via e-mail from Ms. Penny Leinwander to LCDR Vincent DeInnocentiis on May 5, 1999 and May 10, 1999. With the clarifying information provided by LCDR DeInnocentiis and review of the revised sampling plan by Ms. Leinwander in the field on May 19, 1999 DTSC and DHS are satisfied that the sampling plan is adequate.

Please contact me at (510) 540-3767 if you have any questions regarding this letter.

Sincerely,

Mary Rose Cassa, R.G.
Engineering Geologist
Office of Military Facilities
