**Subject:** Re: Draft Final to Final

Hi Claudia:

I will be deferring to EPA and DTSC.  
RB staff will not be submitting any comments.

Have a great day!

Judy

Hello All,  
I wanted to bring to your attention that the Draft Final Geotechnical Feasibility Study  
Report for IR Site 2 (dated February 17, 2004" will be going final on the 18th. Please let  
me know if you require any additional time to review this document.

Mark,  
Thank you, I did receive your letter dated March 3, 2004 that gave EPA concurrence on this  
document.

Thank you!

Claudia Domingo
