Ms. Antonia K. J. Vorster
California Regional Water Quality Control Board
Central Valley Region
3443 Routier Rd., Suite A
Sacramento, CA 95827-3003

Dear Ms. Vorster:

Subj: CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
(RWQCB) ORDER TO SUBMIT TECHNICAL REPORTS UNDER
WATER CODE SECTION 13267, NATIONAL AERONAUTICS AND SPACE
ADMINISTRATION (NASA), CROWS LANDING FLIGHT (CLF) FACILITY,
STANISLAUS COUNTY

This letter is in response to the above correspondence of September 27, 2001 which requests submittal of specific technical reports.

The Department of the Navy is the lead agency responsible for conducting the actions at the CLF, pursuant to the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). To the extent our work under CERCLA meets the RWQCB's request, the Navy will continue to provide related documents to the RWQCB and to the Department of Toxic Substances Control (DTSC). In continuing cooperation we agree to provide the information requested in the subject order as every item requested therein constitutes a routine work item under our CERCLA program.

As such, the Navy provided your office with a Draft Action Memorandum in August 2001 and have evaluated the request for additional technical reports in the subject order. The documents requested fall into place with the progression of reports the Navy either has or will prepare in accordance with this CERCLA removal action. The following table summarizes the status of the documents requested.

Technical Document Summary

RWQCB ORDER ITEM #	NAVY/NASA DOCUMENT TITLE	DATE PROVIDED	DATE TO BE PROVIDED
1a, 1b, 1c, 1d, 1e 2, 3	Enhanced In Situ Bioremediation, 1,2- Dichloroethane Source Area Administration Area Plume, Project Plans, NASA CLF Facility dated 30Oct01	30Oct01	
4	Final Irrigation Practices Technical Memorandum, Naval Auxiliary Landing Field Crows Landing dated 8Dec93	8Dec93	
5 (FOST, Transfer Documents)	NASA letter dated 31Oct01 from Mr. Don Chuck	31OCT01	
5	BRAC Environmental Business Plan (EBP) dated Feb01	20Mar01	
6	Long Term Groundwater Monitoring Plan		TBD

The schedule of activities requested in item 5 and provided in the Feb01 EBP will be updated upon receipt of RWQCB comments to the Enhanced In Situ Bioremediation, 1,2-Dichloroethane Source Area Administration Area Plume, Project Plans, NASA CLF Facility dated 30Oct01.

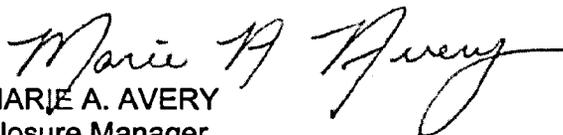

Additionally, the Navy will continue groundwater monitoring activities until the final remedy is selected and implemented. The Long Term Groundwater Monitoring Plan will be developed after the remedial design is completed.

As always, we look forward to working toward a common goal with the RWQCB, DTSC, NASA and Stanislaus County to effectively and expeditiously complete the actions necessary to transfer this property to the future owners as designated by special
