Dear Mr. Ward:

Thank you for sending out the draft covenant language example, which you mentioned at our March 27, 2002 Crows Landing BCT meeting. Because the National Aeronautics and Space Administration (NASA) is the current property owner of Crows Landing, it is our counsel's advice to forward the language to NASA. NASA can provide the restrictive covenant and encumber the property as necessary, not the Navy. We noticed that you have already done this by including them in your original electronic transmission and we will copy them on this letter.

We are looking forward to completing our cleanup responsibility under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) Program. We encourage our continued working relationship with the Cal EPA team members in the technical review of our documents.

If you have any questions, please feel free to call me at (619) 532-0941.

Sincerely,

MARIANNA POTACKA
