NO FURTHER ACTION, UNDERGROUND STORAGE TANK (UST) SITES CL-138 AND CL-138A WITHIN INSTALLATION RESTORATION PROGRAM (IRP) SITE 12, NASA CROWS LANDING FLIGHT FACILITY, CROWS LANDING, STANISLAUS COUNTY

You have requested our concurrence that no further action be taken regarding two underground storage tank sites, UST CL-138 and UST-138A, which are within IRP Site 12. On 8 October 1999, the Regional Water Quality Control Board concurred with the no action alternative for IRP Site 12 as stated in the *Final Record of Decision/Remedial Action Plan (ROD/RAP), Installation Restoration Program, Sites 10, 12, 13, 14, 16, and 18*. Because the no action alternative in the ROD/RAP included UST Sites CL-138 and CL-138A, no further action is required at these two UST sites.

Provided the information you have submitted to this agency was accurate and representative, no further action is needed in regard to UST Sites CL-138 and CL-138A. Please be advised that this letter does not relieve you of any liability under the California Water Code or Health and Safety Code for past, present, or future operations at the site. Nor does it relieve you of the responsibility to clean up existing, additional, or previously unidentified conditions at the site that cause or threaten to cause degradation or nuisance or otherwise pose a threat to water quality or public health.

If you have any questions, please contact Greg Issinghoff at (559) 488-4390.
