Good Morning

Attached is the Draft Proposed Plan for your Review. During our discussion with Francesca several weeks ago she commented on removing " Draft Remedial Action Plan" from the title. Unfortunately her request was not addressed in this version but we will make that correction when the Final PP is distributed. At this time, I would also like to gauge the BCT on their availability to participate in a teleconference call to discuss the PP and next steps forward for Crows Landing - Site 17. Please let me know if there are any conflicts to scheduling a BCT teleconference during the week from June 20 to 24.
