Orange County Water District  
Attn: Ms. Nira Yamachika  
P.O. Box 8300  
Fountain Valley, CA 92728-8300

Dear Ms. Yamachika:

Enclosed is the Site Assessment Plan for Tank 398 Area. Where applicable, this plan incorporates your comments expressed in your letter of September 19, 1990. The Site Assessment Report will provide a detailed response to your comments.

To ensure free product removal begins as soon as possible, we are implementing a free product removal system concurrently with the development and implementation of this site assessment plan. This removal system is scheduled to begin operating by the beginning of March. Additionally, the TCE groundwater sampling at this site is being conducted concurrently with the development and implementation of the site assessment plan. Samples have already been taken and results will be provided to your agency by the end of February.

Please review the enclosed plan and provide comments in writing to MCAS El Toro (Code 1JG) no later than March 4, 1991. If further information is needed, please contact LTJG Michael Rehor, Environmental Director, at (714) 726-2821.

Sincerely,

J. M. FARRIS CAPT, CEC, USN  
Director, Facilities Mgmt. Dept.  
By direction of Commanding General
