Director, Facilities Mgmt. Dept.
Marine Corps Air Station
El Toro, CA 92709-5010

'91 MAR 28 P2:49

Dear Capt. Faunce:

POTENTIAL APPLICABLE OR RELEVANT AND APPROPRIATE REQUIREMENTS (ARARs) FOR MCAS EL TORO

As required by Section 7.6 of the Federal Facility Agreement (FFA) between Marine Corps Air Station El Toro (MCAS), the U. S. Environmental Protection Agency (EPA), and the State of California, the Department of Health Services/Toxic Substances Control Program (Department) contacted State and local governmental agencies that are potential sources of ARARs. The Department contacted 62 agencies by mail on December 20, 1990 requesting their input to compile ARARs. Copies of such letters have been hand-delivered to the Remedial Project Manager for MCAS. A list of contacted agencies is enclosed.

The Department has received letters from five agencies proposing potential ARARs, from one agency not ready to give input yet, and from one agency having no input. The agencies are: the U. S. Postal Service in Santa Ana, the South Coast Air Quality Management District in El Monte, the Irvine Ranch Water District, the City of Irvine, Orange County Environmental Management Agency the California Integrated Waste Management Board, and the U. S. Geological Survey. Copies of those letters are enclosed. Please review their applicability or relevance and appropriateness and reply in a timely manner.

The Department will continue to forward more potential ARARs, if any, when response to our letters are available. If you have any questions, please contact Manny Alonzo at (213) 590-4904.

Sincerely,

Albert Arellano, Jr.
Albert Arellano, Jr.
Unit Chief
Site Mitigation Branch
