Santa Ana, California 92709-5001

Dear Mr. Joyce:

TECHNICAL MEMORANDUM FOR HAZARDOUS WASTE TEMPORARY ACCUMULATION AREAS (TAAs) 19, 443, 693, 746, and 747, MARINE CORPS AIR STATION (MCAS) EL TORO

The Department of Toxic Substances Control (DTSC) has reviewed the subject document dated April 22, 1999, prepared by OHM Remediation Services Corp. The Technical Memorandum provides supporting documentation for the deletion of five (5) non-existent (or phantom) Environmental Locations of Concern (LOCs) from the Base Realignment and Closure Cleanup Plan (BCP) update for MCAS El Toro. The information provided includes historical records and current environmental program management plans and reports, and visual sites inspection reports in support of the determination that the sites do not exist and were incorrectly designated as LOCs.

DTSC concurs with your determination that TAAs 19, 443, 693, 746, and 747 were incorrectly designated as LOCs and accordingly can be deleted from the BCP update. Please ensure that the washrack at Building 747 is properly decontaminated when it is no longer active. If you have any questions, please contact me at (714) 484-5418.

Sincerely,

Tayseer Mahmoud
