### COMMENTS ON SITE ASSESSMENT REPORT, FORMER UNDERGROUND STORAGE TANK SITES 67A AND 67B, FORMER MARINE CORPS AIR STATION, EL TORO

Dear Mr. Gould:

We have completed our review of the above referenced document, dated January 4, 2001, which we received on January 8, 2001.

According to the report, former USTs 67A and 67B were 1500-gallon heating oil tanks for Building 67. The tanks were decommissioned prior to January 1, 1984, and no evidence of a release has been found; therefore, provided that the information in the report is true and accurate, we concur with the recommendation for no further action.

For any questions on this review or related matters, please call me at (909) 782-4494.

Sincerely,

John Broderick  
SLIC/DoD/AGT Section
