Subject: MARINE CORPS RESPONSE TO USEPA'S JANUARY 27, 1994
CERCLA SECTION 104(e) REQUEST PETROCHEM RECYCLING
CORPORATION/EKOTEK, INCORPORATED SUPERFUND SITE

Dear Ms. Hooten:

In the course of preparing the United States Marine Corps final response to the above-referenced CERCLA Section 104(e) request, the Department of Navy has identified one additional shipment of 50 gallons of waste oil from Marine Corps Air Station (MCAS) El Toro to the Ekotek Incorporated facility via manifest dated April 16, 1987 (enclosure (1)). We are providing this manifest to you as a further interim response to the CERCLA Section 104(e) request so that this additional 50 gallons can be included in the calculation of the settlement amount for the de minimis Administrative Order on Consent for MCAS El Toro.

The Department of Navy is continuing to prepare the final response to the CERCLA Section 104(e) as noted in our March 14, 1994 interim response addressed to you. Please feel free to contact Mr. Rex Callaway of our legal office at (619) 532-1662 if you have any questions concerning this letter.

Sincerely,

ALAN C. HURT
Environmental Program Coordinator

Encl: (1) Manifest #84522008

1. This office researched our records (manifest) update 1988. There is one manifest #84522008 dated 4/16/87 that shows designated facility EKOTEC Incorporated, in Salt Lake City, Utah. Our records show 50 gallons of waste oil disposed of from MCAS El Toro. Detailed information is attached.

2. Records were researched by Mr. Eddy Benavente, Environmental Specialist. If you have any further questions, please call, AV 997-2165 or Comm. (714) 726-2165.
