RE: Documentation for Facilities Proposed for Inclusion on the
National Priorities List

Dear Mr. Bossert:

As you know, three Naval facilities whose environmental restoration programs are coordinated by your office were proposed for inclusion on the National Priorities List on June 21, 1988. The Environmental Protection Agency would like to assure that a complete set of Superfund related documents are contained in our files. Kindly review the attached list of major documents and submit any documents not listed.

Thank you very much for your assistance and continued coordination. If you have any questions, please do not hesitate to contact me at 415/974-8891 or Nicholas Morgan, Superfund Federal Facilities Coordinator, at 415/974-8603.

Sincerely,

Julie Anderson
