Dear Mr. Pawlisch:

This letter is in response to your request of January 14, 1994 to initiate an innovative contractual arrangement for MCAS El Toro. We agree with the scope of your proposal and will agree to transition our contractor from all oversight work at El Toro with the intention of relying on the Navy contractor for technical information and support. This will allow the Navy to award El Toro work to Bechtel National Incorporated under your CLEAN Contract.

We look forward to meeting with you and your staff at the earliest possible date to initiate the procedures to implement this pilot innovation at El Toro.

Sincerely,

A handwritten signature in cursive script that reads "Julie Anderson".
