

**MARINE CORPS AIR STATION (MCAS) EL TORO
PUBLIC NOTICE**

RESTORATION ADVISORY BOARD (RAB) MEETING
Wednesday, May 29, 1996, 6:30 p.m. - 9:00 p.m.

Irvine City Hall
Conference and Training Center
One Civic Center Plaza
Irvine, California

This meeting will feature presentation on: Status of Underground Storage Tank Program; BRAC Funding/Budget Process; and Slide Presentation - Jet Fuel Cleanup at Underground Storage Tank 398

ALL MEMBERS OF THE INTERESTED PUBLIC ARE WELCOME!
Participate in the environmental restoration and cleanup program underway at MCAS EL TORO.

YOUR INPUT IS APPRECIATED!

Additional information can be obtained by contacting:
Commanding General, AC/S, Environment 1 AU
Attn: Ms. Charly Wiemar, IRP Department
MCAS El Toro, P.O. Box 95001, Santa Ana, CA 92709-5001
(714) 726-2840

POOR CIRCULATION

You can participate in a clinical study utilizing an investigational medication in the treatment of poor circulation to the legs.

To qualify, patients must have predictable pain, muscle aches, cramps, or severe leg fatigue when walking. The symptoms must be stable for the prior three months.

If you qualify, you will receive, free of charge, complete physical examinations, lab tests, and study medication. All test results will be made available to you and your private physician.

Door to door transportation available.
Financial compensation available.

For more information and to see if you qualify, call
(714) 753-1663

Anaheim Offers Some Stadium Workers

■ **Personnel:** The goal is to ensure that the part-timers don't leave before Disney takes over. Offers range from a \$50 lump sum to \$50 per year for longtime employees.

By GREG HERNANDEZ
TIMES STAFF WRITER

ANAHEIM—Part-time employees who will lose their jobs at Anaheim Stadium when Disney Baseball Enterprises takes over will receive incentive payments starting at \$50 to stay through the season, the City Council decided Tuesday.

The status of the stadium's 566 part-time employees and 123 parking lot attendants remains undecided. Disney, which will assume operations at the city-owned stadium in October, will interview employees who reapply for their jobs and decide by Aug. 1 whether to rehire them, said David Hill, the city's human resources director.

Under the council's action Tuesday, payments to employees who

are not kept on will range from a \$50 lump sum for those with four years of service or less, to \$50 per year of service for those who have been employed for 25 years or more.

"It's very hard," Hill said. "A lot of the season ticket holders know these employees by their first name and the employees are very attached to the fans. They have done an excellent job for us for 30 years."

Among the people affected are ushers, ticket sellers, ticket takers, security guards, and scoreboard, video display and game clock operators.

In a separate action, the council approved a one-time payment of \$75 for any of the 123 parking lot attendants who are not retained by Disney but work for the rest of this baseball season.

Hill said Disney is expected to decide by July whether to take over parking operations themselves or enter into an agreement with the city to handle parking.

Concession and souvenir workers are not yet affected because they are under contract for one more year with Ogden Facility Management Corp., which also handles those services at the Pond.

The stadium's 35 full-time employees also may or may not be retained by Disney, but they are not covered by the incentive package. Rather, the city currently is working with two full-time employee unions on severance packages for those employees who are not hired by Disney nor absorbed by another city department, Hill said.

City officials said jobs at Anaheim Convention Center will be held open as they become available, and transfers from the stadium will be done whenever possible. The city will help part-time

PARSONS

Continued from B1
New Jersey Gov. Christine Whitman and Massachusetts Gov. William Weld both provide generational balance and, in Whitman's case, gender balance. Wilson's stock on the "most-mentioned" lists plummeted when Republicans considered California a lost cause.

But is it?

Wasn't that the governor this week at an Orange County elementary school, talking about giving \$50,000 to every public school in California? That followed quickly on his pronouncement that he wants the state's reading curriculum to return to a more traditional phonics approach.

Suddenly, the governor who so crassly went after illegal immigrants in 1994 is looking like the counterbalance to those big bad Republicans the polls are decrying. Besides, if Clinton is said to be
