**COMMENTS ON TECHNICAL MEMORANDUM, CONTINUATION OF CLEAN II SITE 24
SOIL VAPOR EXTRACTION (SVE) PILOT TEST, OPERABLE UNIT 2A, MARINE CORPS
AIR STATION (MCAS) EL TORO**

Dear Mr. Joyce:

The Department of Toxic Substances Control (DTSC) and the Regional Water Quality Control Board (RWQCB) have reviewed the above subject document dated October 11, 1996, prepared by OHM remediation Services Corp. The memorandum outlines the approach to the continuation of SVE pilot testing at Site 24. The purpose of the test is to evaluate the implementability, effectiveness, and cost of SVE by estimating the radius of influence, volatile organic compounds concentrations, and the mass of Trichloroethene.

This letter is to inform you that DTSC and the RWQCB have no comments on the document. If you have any questions, please call me at (310) 590-4891.

Sincerely,

Tayseer Mahmoud
