P. O. Box 95001  
Santa Ana, California 92709-5001

Dear Mr. Joyce:

## FEDERAL FACILITY AGREEMENT (FFA) SCHEDULE, MARINE CORPS AIR STATION (MCAS) EI TORO

The Department of Toxic Substances Control (DTSC) has received your letter dated December 2, 1998. The letter contains a detailed schedule of activities to support an earlier FFA schedule extension request dated November 3, 1998 for Operable Unit 2C (Landfill Sites 3 and 5). A six-month extension is requested to submit the Draft Record of Decision (ROD) for the landfills.

One of the activities listed in the schedule pertains to regulatory agencies research of landfill sites within State of California in support of irrigation of monolithic caps. DTSC staff has no recollection of discussing the subject or committing to conduct such an activity. The regulatory agencies have no knowledge of any golf course constructed over a landfill site that received permit to irrigate over the monolithic cover. Therefore, DTSC requests this activity be deleted from the proposed schedule.

DTSC does not approve the full six month extension. You have until March 15, 1999 to submit the draft ROD to the regulatory agencies. Please resubmit a revised schedule of activities to the agencies. If you have any questions, please call Mr. Tayseer Mahmoud, Remedial Project Manager, at (714) 484-5418.

Sincerely,

A handwritten signature in black ink, appearing to read "John E. Scandura".

John E. Scandura, Chief  
Southern California Operations  
Office of Military Facilities
