COMMENTS ON DRAFT SITE CLOSURE REPORT, VADOSE ZONE REMEDIATION, VOLATILE ORGANIC COMPOUND SOURCE AREA, IR SITE 24, MARINE CORPS AIR STATION, EL TORO

Dear Mr. Gould;

We have completed our review of the above-referenced document, dated June 2001, which we received on June 13, 2001. Based on the information in the report, we have the following comments:

- Page 3-5, Table 3-3 Closure Sampling Analytical Results**
Please add a data column listing the screened interval for each well that was sampled, in order to identify the depths from which the soil vapor samples were collected. In addition, please include the sampling dates.
- Plate A2, Vadose Zone Cross Section, TCE Source Area, Legend**
Please change the symbol description "monitoring well" to "groundwater monitoring well."

If you should have any questions, please call me at (909) 782-4498 or send e-mail to phannon@rb8.swrcb.ca.gov.

Sincerely,

Patricia A. Hannon
