DRAFT RESPONSIVENESS SUMMARY, OPERABLE UNIT 3B, INSTALLATION
RESTORATION PROGRAM SITES 7 AND 14, MARINE CORPS AIR STATION
EL TORO

Dear Mr. Gould:

The Department of Toxic Substances Control (DTSC) reviewed the above draft Responsiveness Summary for Sites 7 and 14, dated January 31, 2001. The document provides responses to comments on the Proposed Plan. The Proposed Plan provides the results of the environmental investigation of Sites 7 and 14, and explains the basis for the proposal for no further action at these sites. The Proposed Plan was released for public comment in September 2000. Subsequently, the Department of the Navy prepared the draft Responsiveness Summary to address the comments received during the public comment period. The Responsiveness Summary was forwarded separately from the draft Record of Decision (ROD) for Sites 7 and 14. The finalized Responsiveness Summary will be integrated into the draft final ROD for Sites 7 and 14.

DTSC does not have comments regarding the draft Responsiveness Summary or additional comments on the draft ROD. Please contact me at (714) 484-5395 if you have any questions.

Sincerely,

Triss M. Chesney, P.E.
Remedial Project Manager
Office of Military Facilities
