Former Marine Corps Air Station, El Toro

Transmitted is the Addendum to the Closure Report for former TAA 240 at the former Marine Corps Air Station, El Toro. TAA 240 is located in the northwestern section of the facility, and TAA 240 was identified as Solid Waste Management Unit (SWMU) Number 64 during the Resource Conservation and Recovery Act Facility Assessment (RFA).

We collected additional soil samples at former TAA 240 in the Spring 2003 and we have presented the new information in the attached Addendum. Based upon the evaluation of the new information, we recommend designating no further action status for TAA 240 (SWMU 64) and environmental condition of property (ECP) category 3 in the next BRAC Business Plan update.

Please review the attachment and provide comments within 60 days of receipt, if possible. If we do not receive comments from your office by 29 August 2003, we will assume that you concur with our recommendation to designate no further action status for TAA 240. A formal transmittal letter may follow.
