Dear Ms. Rashidi-Fard:

We are requesting permanent closure of former oil/water separator (OWS) site 314C at Marine Corps Air Station El Toro. This facility was removed and sampled in your presence on May 9, 1997.

The enclosed Closure Report provides the chain of custody forms, analytical results of sampling, and the fate of the former OWS and piping. We believe that the results of the confirmation sampling will satisfy the Orange County Health Care Agency that no further action is necessary.

Please contact LT Hope Katcharian at (714)726-6607 if you have any questions.

Sincerely,

WAYNE D. LEE  
Assistant Chief of Staff  
Environment and Safety  
By direction of  
the Commanding General
