COMMENTS ON FINAL PHASE II REMEDIAL INVESTIGATION REPORT, IRP SITE 1, EXPLOSIVE ORDNANCE DISPOSAL TRAINING RANGE, FORMER MARINE CORPS AIR STATION, EL TORO, GEOTRACKER No. DOD100136000

Dear Mr. Newton:

We have reviewed the above referenced document, dated December 2006, which we received on January 2, 2007.

Our concerns regarding the threat of migration of metals and petroleum hydrocarbons to surface waters from the site were expressed in our comments to the draft reports. These concerns have not been addressed in the above report. However, we intend to regulate discharges from the site through our storm water regulatory program. Therefore, we do not dispute the above document.

For any questions, please call me at (951) 782-4494, or send email to jbroderick@waterboards.ca.gov.

Sincerely,

John Broderick
