RE: Draft Final Performance Monitoring and Sampling and Analysis Plan, OU1 and OU2A
Groundwater Remedy, Former Marine Corps Air Station (MCAS) El Toro, California

Dear Mr. Weissenborn:

EPA has completed its review of the subject document for the former MCAS El Toro. We had one comment to offer on the draft submittal and withdrew that comment after discussions with Navy staff on the issue we had raised. Therefore, we have found the draft final document to be acceptable as presented.

If you should have any questions on this concurrence, please feel free to contact me at 415-972-3349.

Sincerely,

Rich Muza
Remedial Project Manager
Federal Facility and Site Cleanup Branch
