TECHNICAL MEMORANDUM, SUMMARY OF RECORD SEARCH RESULTS FOR SUSPECTED THIRTEEN (13) TEMPORARY ACCUMULATION AREAS (TAAs), MARINE CORPS AIR STATION (MCAS) EI TORO

Dear Mr. Gould:

The Department of Toxic Substances Control (DTSC) has reviewed the above subject document, dated February 1999. In addition, DTSC also reviewed the Supplement Technical Memorandum, dated August 3, 1999 in response to DTSC comments, dated May 5, 1999. The following TAAs were included in the Technical Memorandum: TAAs: TAA 114, TAA 242, TAA 298, TAA 317, TAA 357, TAA 386, TAA 398, TAA 442, TAA 445, TAA 447, TAA 456, TAA 534, and TAA 602. These TAAs were identified as Solid Waste Management Units in the Final Resource Conservation and Recovery Act Facility Assessment. The Technical Memorandum and the Supplement information provide the supporting documentation for the deletion of the sites from the Base Realignment and Closure Cleanup Plan for MCAS El Toro. The information provided includes historical records and current environmental program management plans and reports, and sites inspections reports in support of the determination that the sites do not exist or that they were incorrectly designated as Environmental Locations of Concern (LOCs).

DTSC concurs with your determination that above mentioned TAAs were incorrectly designated as LOCs and accordingly can be deleted from the BCP update. If you have any questions, please contact me at (714) 484-5418.

Sincerely,

Tayseer Mahmoud
