File 2169.6032 (LBJ)

**Subject: Comments on September 1999 to September 2000 Annual Groundwater Sampling Report, Parcel B, Hunters Point Shipyard, San Francisco, CA.**

Dear Mr. Mach:

Regional Board staff have reviewed the document titled *September 1999 to September 2000 Annual Groundwater Sampling Report, Parcel B, Hunters Point Shipyard, San Francisco, CA* dated October 13, 2000. We have also received the California Department of Toxic Substances Control (DTSC) and the U.S. Environmental Protection Agency (USEPA) comments on the subject document. In our review, we could not identify any additional concerns with the report beyond those identified by DTSC and USEPA, although we would like to amplify the DTSC's comments regarding the appropriateness of dedicated low-flow sampling apparatus for the purpose of long-term groundwater monitoring.

We appreciate the efforts of the individuals involved in this project and look forward to resolution of our comments. Should you have any questions, please contact me at (510)-622-2400.

Sincerely,

Brad Job, P.E.

Water Resources Control Engineer
