SUBJ: FINAL QUALITY ASSURANCE PROJECT PLAN FOR REMEDIAL INVESTIGATION/
FEASIBILITY STUDY AT NAVAL STATION, TREASURE ISLAND, HUNTERS POINT ANNEX

Enclosure (1) is our final Quality Assurance Project Plan (QAPP) for the Remedial Investigation/Feasibility Study at Naval Station, Treasure Island, Hunters Point Annex. Enclosure (2) contains a summary of various regulatory agencies' comments and our responses on the Draft QAPP. The final QAPP incorporated the comments provided by the various regulatory agencies concerning our draft submittal. We believe that the final QAPP is consistent with these comments and applicable federal, state, and local guidelines. This final plan is intended to satisfy the substantive state requirements referenced in Section 5.3.3.4 of the Remedial Action Order (Docket No. HSA87/88-034RA). If you feel that the final QAPP does not adequately reflect agency review comments or is not consistent with applicable guidelines, rules and regulations, please advise us within fifteen days of the date of this letter.

Thank you for your interest, guidance, and involvement in this matter. Please direct any questions or comments to Commander, Western Division, Naval Facilities Engineering Command (Attn: Mr. Alex E. Dong, Code 1146, (415) 377-7502).

Sincerely

Original signed by:

C. J. GUILD
