Dear Sir:

This is in response to your letter regarding Resource Conservation and Recovery Act (RCRA) regulated generators among the civilian tenants at Hunters Point Annex (HPA).

The list which you provided to us has been checked against the HPA master tenants list and those firms no longer at HPA have been deleted. The revised list is forwarded as enclosure (1). This list may not include all tenants who should be subject to RCRA.

In addition, you requested any information the Navy might have on the waste handling practices of these firms. We are therefore also forwarding as enclosure (2) a copy of the Fence-to-Fence Hazardous Materials Survey which was completed in July 1988. This survey contains all the data we have regarding tenants present at HPA at the time the report was prepared.

Should you have any questions regarding this matter, the point of contact is Commander, Western Division, Naval Facilities Engineering Command (Attn: Louise T. Lew, Code 1811, (415) 244-2551).

Sincerely,

Original signed by:
