Dear BCT Members:

Enclosure (1), *Addendum 1 to the Work Plan for Groundwater Investigation at Parcel E-2, Hunters Point Shipyard, San Francisco, California*, of June 2008, is provided for your information. Per our discussions at the May and June BCT meetings, implementing this work – the collection of groundwater samples to be tested for radioisotopes - is a critical path in finalizing the Parcel E-2 Feasibility Study. Groundwater sampling for radionuclide analysis was conducted between June 27 and July 3, 2008 and we are currently waiting on the analytical results.

Should you have any concerns regarding the enclosed report, please contact Ms. Hamide Kayaci at (619) 532-0930 or myself at (619) 532-0913.

Sincerely,

KEITH FORMAN
BRAC Environmental Coordinator
By direction of the Director
