Commanding Officer, Western Division
Naval Facilities Engineering Command
ATTN: Louise Lew (Code 1811)
PO Box 727
San Bruno, CA 94066

Dear Ms. Lew:

EPA has received the document entitled **Addenda to Final Community Relations Plan, NAVSTA Treasure Island, Hunters Point Annex**. We understand that this has been submitted in response to EPA's comments on the Community Relations Plan which were included in Attachment E of the Proposed Federal Facility Agreement for HPA. Although the FFA has not yet been signed and is not in effect at this time, we would like to acknowledge for the record that we received the Navy's response to the comment in accordance with the schedule which was agreed to in concept by the FFA negotiating teams.

Since this response constitutes minor corrections to the CRP, we concur that there is no need for formal review and approval of this particular document. We would suggest, however, that notice of this correction, as well as point #2 in your August 13 memo concerning use of the term "RAP," be communicated to the public through an upcoming "Information Release" or other appropriate mechanism for updating the concerned public on information about HPA clean-up activities.

If you have any questions, please call me 744-1996.

Sincerely,

A handwritten signature in black ink, appearing to read "Chuck Flippo".

Chuck Flippo
