Dear Mr. Flippo and Mr. Malinowski:

The Environmental Protection Agency (EPA) has advised us that, in accordance with the terms of the Federal Facility Agreement (FFA) for Naval Station, Treasure Island, Hunters Point Annex (HPA), the EPA has extended the comment periods on the draft Environmental Sampling and Analysis Plan and the draft Background Sampling Plan.

The Navy has reviewed these extensions to determine whether they will impact on any other timetable, deadline or schedules. Based on the information presently available, it does not appear that the extensions will affect any other deadline or schedule of the HPA FFA. However, we reserve our right to reassess this determination, and to request any appropriate extension(s), in the event that future developments reveal that either, or both, extension(s) here at issue, impact on an existing timetable, extension or schedules.

Should you have any questions regarding this matter, the point of contact is Commander, Western Division, Naval Facilities Engineering Command (Attn: Louise T. Lew, Code 1811, (415) 244-2551).

Sincerely,
