San Bruno, CA 94066-0720

Dear Mr. Powell:

As we discussed on the phone today, EPA is requesting a two week extension to complete our response to the draft final ESAP and QAPP. This extension is being requested under Section 9.2(g) of the FFA. This extension is requested due to internal workload and project transition factors. It is our expectation that this extension request should not cause any related schedule to be affected.

We appreciate your cooperation in this matter. I can be reached at (415) 744-2385 if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Roberta Blank".

Roberta Blank  
Remedial Project Manager
