Subj: FEDERAL FACILITY AGREEMENT FOR NAVAL STATION, TREASURE
ISLAND, HUNTERS POINT ANNEX

1. By a letter dated June 14, 1991 and pursuant to Section 7.6 of the Hunters Point Federal Facility Agreement (FFA), the Department of Health Services, now the Department of Toxic Substances Control (DTSC), contacted State and local government agencies who might be sources of potential applicable or relevant and appropriate requirements (ARARs) for Operable Unit-II at Naval Station, Treasure Island, Hunters Point Annex. Your agency has been identified by DTSC as having been contacted with no reply received.
2. In accordance with the FFA, the Navy is re-contacting those agencies who did not reply to again request that ARARs be identified. As ARARs are an important consideration in the RI/FS process it is essential that they be identified as early on in the process as possible.
3. Should you have any questions regarding this matter, the point of contact is Louise T. Lew, Code 1811, (415) 244-2551. Submit ARARs if any, to Commander, Western Division, Naval Facilities Engineering Command (Attn: Louise T. Lew, Code 1811), P. O. Box 727, San Bruno, CA 94066-0727.

Sincerely,
