Dear Mr. Powell:

HUNTERS POINT REVISED MINUTES OF PARCEL A GROUNDWATER INVESTIGATION PRESENTATION, APRIL 28, 1994

The California Environmental Protection Agency (Cal/EPA) believes that the revised minutes hand delivered to us on June 29, 1994 needs to be corrected. To inform the Navy of its position on groundwater issues at Parcel A, the Cal/EPA forwarded a letter on April 24, 1994. In the meeting of April 28, 1994, the Navy requested an additional letter on the groundwater issues at Parcel A from the Cal/EPA. To the Navy's request, the Cal/EPA stated that it did not find it necessary to issue another letter reiterating its position on the groundwater issues at Parcel A. The minutes erroneously state that the Cal/EPA will forward a letter on the Parcel A geology and hydrogeology.

Should you have any questions regarding this letter and would like to seek clarification, please call me at (510) 540-3821.

Sincerely,

A handwritten signature in black ink, appearing to read "Cyrus Shabahari".
