Ser 1832.4/L6244  
1 Jun 1996

From: Commanding Officer, Engineering Field Activity, West, Naval Facilities Engineering  
Command  
To: Distribution  
Subj: REQUEST FOR VARIANCE IN BORING LOCATIONS FOR THE PARCEL E  
FUDS FIELD SAMPLING AT HUNTERS POINT SHIPYARD, SAN FRANCISCO,  
CALIFORNIA

Encl: (1) Proposed Boring Locations

1. A total of eight soil borings were proposed around Buildings 815 and 820 as part of the Parcel E Formerly Used Defense Sites (FUDS) field sampling at Hunters Point Shipyard. The owner of these two sites has refused permission for access to do the soil borings. Therefore, we are requesting a variance to do seven soil borings as shown in enclosure (1). The original proposed soil boring locations are shown in the Draft Final FUDS Field Sampling Plan of 26 April 1996.

2. If you have any questions, please contact Ms. Luann Tetirick, Code 1832.4, at (415) 244-2638.
