

NOTICE OF RECORD OF DECISION
HUNTERS POINT NAVAL SHIPYARD PARCEL E

N00217_004948
HUNTERS POINT
SSIC NO. 5090.3.A

The Department of the Navy announces the availability of the Record of Decision (ROD) for Parcel E at Hunters Point Naval Shipyard in San Francisco, California. The ROD was signed by the Navy, the U.S. Environmental Protection Agency, California Department of Toxic Substances Control, and the San Francisco Regional Water Quality Control Board in December 2013.

Parcel E includes a former industrial support area that consisted of supply and public works facilities and shoreline areas used to dispose of industrial waste and construction debris. The remedy selected to address contamination at Parcel E is described in the ROD, and includes the following actions:

- Remove and dispose of contaminated soil and shoreline sediment in selected areas
- Separate and dispose of materials and soil with residual low-level radiological contamination
- Remove or treat contaminated material at the Former Oily Waste Ponds
- Operate a soil vapor extraction system to remove and treat volatile organic compounds in soil and soil gas at Building 406
- Install durable covers to prevent contact with soil containing metals (found throughout the fill material quarried from local rock and soil) and chemical or radiological contamination (found at low levels in areas not proposed for excavation)
- Protect the shoreline using natural materials (such as sand) and large rocks
- Treat groundwater by injecting biological nutrients or iron compounds to break down chemicals at contaminated plumes
- Install below-ground barriers to limit groundwater flow from contaminated plumes near the Parcel E shoreline to San Francisco Bay
- Inspect and maintain the features of the remedy (such as durable covers) to ensure that they are working properly
- Monitor groundwater to verify that cleanup efforts meet the remediation goals, and that chemicals in groundwater do not affect San Francisco Bay
- Use institutional controls to restrict specific land uses and activities on Parcel E

The remedy was one of several alternatives evaluated and presented in a Proposed Plan to the public for review. The remedy was selected after comments were received from the public. When this remedy is complete, Parcel E will be compatible with the City and County of San Francisco's 2010 redevelopment plan.

FOR MORE INFORMATION

The Parcel E ROD and other site documents are available for public review at the two Information Repositories:

City of San Francisco Main Library
Government Information Center, 5th Floor
100 Larkin Street
San Francisco, CA 94102
(415) 557-4500

Hunters Point Shipyard Site Trailer
(Located across the street from the
security entrance to the shipyard)
690 Hudson Avenue
San Francisco, CA 94124

and on the Hunters Point Naval Shipyard website: <http://www.bracpmo.navy.mil>

Click "BRAC Bases," select "California," and select "Former Naval Shipyard Hunters Point," and then click on "Documents."

For more information about the Parcel E ROD, please contact Mr. Keith Forman, Base Realignment and Closure (BRAC) Environmental Coordinator, BRAC Program Management Office West, 1455 Frazee Road, Suite 900, San Diego, CA 92108-4310; keith.s.forman@navy.mil; (619) 532-0913 phone; (415) 308-1458 cell phone; (619) 532-0995 fax.
