Dear Ms. Whiten:

This letter is to express our gratitude for your support at the public meeting at the Long Beach Naval Complex, on July 14, 1993. We believe that many of the meeting's accomplishments were due to effective teamwork and communication between SOUTHWESTNAVFACENG-COM and the Department of Toxic Substances Control (DTSC).

We would like to acknowledge Ms. Claire Best for her special effort and participation in this meeting. Ms. Best clearly identified ways for the public to participate in clean-up decisions, and skillfully set the stage for the speakers who followed. These accomplishments, together with her earlier contributions, have significantly improved our overall public participation program.

We appreciate the DTSC's support and cooperation, and look forward to our future achievements together.

Sincerely,

A handwritten signature in cursive script, appearing to read "James R. Pawlisch".
