From: Commanding Officer, Naval Station Long Beach
To: Southwest Division, Naval Facilities Engineering Command
(Attn: Alan Lee, Code 1832.AL)

Subj: DRAFT HEALTH AND SAFETY PLAN FOR SITE 6A

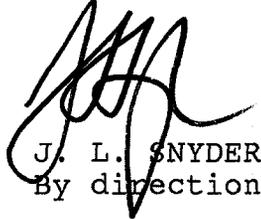

1. The following information is a result reviewing the "Draft" HEALTH AND SAFETY PLAN for site 6A, Naval Station Long Beach:

- 1) The acronym "SW div." and "SW DIV." are used throughout the entire plan. Southwest division is typically abbreviated as "SWDIV". Should change all so they are uniform and read SWDIV. In addition, I believe the first usage of this acronym is in the forward. I don't see an explanation of what the acronym stands for.
- 2) Page 1-1, 1st paragraph. 1st usage of the acronym "NAVSTA LB" should be spelled out as "Naval Station Long Beach".
- 3) Page 2-1: 1st and 2nd paragraphs reference figures 2-1, 2-2, & 2-3. These pages are blank.
- 4) Page 2-1, paragraph 2.2., last sentence: Change "site 6" to "site 6B".
- 5) Page 3-1, 2nd paragraph under 3.1: The number of samples referenced does not correspond with the RSE workplan, PART I, page 11, 2nd paragraph. The workplan references 39 samples.
- 6) Table 4-2, on page 4-3: Additional POC is Duane Rollefson, Environmental Coordinator, NAVSTA LB, (310) 547-7086.
- 7) Page 6-15, last sentence of 2nd paragraph in section 6.5.3: The word "did" is misspelled as "didn".
- 8) Page 7-3: The bullet "Exclusion Zone(s)" is listed twice on the list of items required for the "Work Zone and Control Point" diagram.
- 9) Figures 8-1 and 8-2: Both pages are blank.
- 10) Page 10-6: Page is blank.
- 11) Page 10-9: Page is blank.

12) Table 16-1, page 16-3: Phone numbers for utilities is incorrect. It should be 547-8285 or 547-8286 during normal working hours. POC is Long Beach Naval Shipyard (LBNSY), Code 453. After hours/weekend number is correct.

13) Figures 16-1, 16-2, 16-3: All pages are blank.

2. The Naval Station point of contact on this matter is Duane Rollefson at DSN 360-7086, commercial (310) 547-7086.
