

CCN: CTO-027/0050

CONTACT REPORT

FILE: 0200

Job No.: 22214-027	Date of Contact: 10/13/93	Type of Contact:	Phone Call <u>X</u> Bechtel Off — Client Office — Jobsite — Other —		
Company: IT Analytical Service and DTSC		Contact Name & Title 1) Cheryl Ferguson 2) Marianne Sinclair (Chemist) 3) Craig O'Rourke Hazardous Matls. Specialist	Bechtel Name & Title Aklile Gessesse CTO Lead		
Purpose of Contact: IT Laboratory is requesting to modify the method for PCBs and Pesticides due to difficulties in sample matrices.					
Results: Aklile presented the modification method to Caig O'Rourke of DTSC prior to the conference call. Marianne Sinclair from IT Laboratory presented the difficulties in the method and the justification for the 1:25 dilution ratio. Craig said based on the evaluation of the suggested approach he will accept the modified method.					
Future Action to be Taken: Aklile will notify Alan Lee with the Navy of the modification in the method.
