Mr. T.G. Avgerinos  
Director, Environmental Protection Division  
Public Works Department  
Long Beach Naval Shipyard  
Long Beach, California 90822-5099

Lieutenant Commander J.L. Snyder  
Civil Engineer Corps, U.S. Navy  
Long Beach Naval Station  
Long Beach, California 90822-5000

Dear Mr. Avgerinos and Lieutenant Commander Snyder:

RCRA FACILITY INVESTIGATION (RFI) FIELD WORK: LONG BEACH NAVAL SHIPYARD AND LONG BEACH NAVAL STATION, (EPA ID NO. CA6170023109)

The California Department of Toxic Substances Control (DTSC) is requiring that field duplicate samples at the Long Beach Naval Shipyard and Long Beach Naval Station be analyzed by our own laboratory. DTSC staff will select the duplicate sample locations for all RFI and Phase I RFI sites in the field, at the time of sampling. Please submit a detailed schedule for field work activities no later than fourteen (14) calendar days prior to initiation of field work. DTSC will collect the duplicate samples in the field and ship them to our laboratory. Communication will be important during field work activities and we will appreciate your cooperation.

If you have any questions, please contact me at  
(213) 590-4872.

Sincerely,

A handwritten signature in cursive script that reads "Joe J. Zarnoch".
