Mr. Donald W. Rice
Director of Environmental Management
Port of Los Angeles
425 S. Palos Verdes Street
San Pedro, California 90733-0151

Dear Mr. Rice:

WASTE MANAGEMENT PLAN (WMP) AND SITE-SPECIFIC HEALTH AND SAFETY PLAN (SSHSP) (ADDENDUM # 1) SEASIDE AVENUE/NAVY WAY GRADE SEPARATION PROJECT

The California Department of Toxic Substances Control (DTSC) has completed its review of the *Waste Management Plan and Site Specific Health and Safety Plan (WMP & SSHSP) (Addendum #1)*, dated October 1995, for Long Beach Naval Station, Site 6A - Seaside Avenue/Navy Way Grade Separation Project. The *WMP & SSHSP Plan* for this project was prepared for the Port of Los Angeles (POLA) by Tetra Tech, Inc.

DTSC and the Los Angeles Regional Water Quality Control Board (LARWQCB) are satisfied with the *WMP & SSHSP Addendum # 1*. However, the LARWQCB has a concern which is enclosed within this letter that must be addressed. DTSC would like POLA to submit to DTSC and LARWQCB a letter stating whether or not any groundwater monitoring wells will be abandoned and relocated.

As a result, DTSC hereby concurs with the *WMP & SSHSP (Addendum # 1)* dated October 1995, submitted by POLA for Site 6A construction of the Seaside Avenue/Navy Way Grade Separation Project and demolition of Buildings 32,33,82,589,598,601 and 632 at Long Beach Naval Station.

If you have any questions regarding this letter, please contact me at (310) 590-5565.

Sincerely,

Alvaro Gutierrez
