Administrative Issues

The RAB meeting minutes of 19 September 1995 were approved as written.

The RAB members were reminded "*The sign-in sheet is the official record of attendance for each RAB meeting. If you do not sign in, you did not attend the meeting.*"

Review Final Comments on the Remedial Investigation/Feasibility Study for IR Program Sites 1-6A

The RAB was asked to submit any remaining comments on the draft RI/FS documents. No further comments were collected.

Richard Landgraff, representing Group 4 submitted comments on the agencies comments to the draft RI/FS documents. The Navy explained that the Navy and the agencies were working toward a resolution of these comments.

BCP Update

The RAB was advised that the BRAC Cleanup Plan was again going to be revised. The draft will be sent out to them in December 1995 for their review. Comments are due by the next RAB meeting on 16 January 1996.

Reuse Screening Process

Randy Holman, SWDIV Assistant BRAC Program Manager, presented an overview of the Reuse Screening Process proposed for the Long Beach Naval Shipyard. (Presentation handouts were provided.)

BRAC Funding Process

Gary Simon, SWDIV Environmental Services Manager, presented an overview of the current BRAC funding process for the Naval Station Long Beach and the funding requirements for the future. The discussion included the funding constraints. (Presentation handouts were provided.)

The WEB Page on Internet

Lee Saunders, SWDIV Environmental Public Affairs Officer, presented an overview of the Navy's effort to provide access to a variety of information via the WEB Page/Internet. Mr. Saunders explained how to use the system and what types of information were available. (Presentation handouts were provided.)

Open Meeting to RAB Members and Members of the Audience

David Sundstrom asked why so many of the comments from the agencies were questioning the environmental methodology outlined in the approved RI/FS workplan. Alvaro Gutierrez explained the various agencies involved in the review and approval of the workplan. Mr. Gutierrez also stated that the agencies were committed to working with the Navy to resolve these comments.

The meeting was adjourned at 8:45 P.M.

The next RAB community meeting is scheduled for Tuesday, 16 January 1996 at 7:00 P.M. at the Long Beach Naval Shipyard, Building 300 (Engineering Management Bldg), 1st floor.

These minutes were recorded by Kathy C. Stevens (of BNI, the CLEAN II Contractor), acting as the RAB Recording Secretary, and reviewed and approved by all members of the Long Beach Naval Complex Restoration Advisory Board.
