Mr. Duane Rollefson  
Southwest Division  
Naval Facilities Engineering Command  
1220 Pacific Highway, Room 18  
San Diego, California 92132-5181

Dear Mr. Rollefson:

**FINAL PRELIMINARY ASSESSMENT (PA) FOR THE AREAS OF POTENTIAL CONCERN (AOPC) AT THE NAVAL STATION LONG BEACH, LONG BEACH, CALIFORNIA**

The California Department of Toxic Substances Control (DTSC) has completed its review of the *Final PA for the AOPC at the Naval Station Long Beach, Long Beach, California (Final PA)*, dated February 1996. The *Final PA* was prepared by Bechtel National, Inc.

The *Final PA* presents the findings on the twenty AOPC which were identified in the "Base Realignment and Closure (BRAC) Cleanup Plan (BCP) for the Naval Station Long Beach, and Associated Housing", issued in March 1995. After the *Draft PA* was issued to the agencies for review the Navy identified AOPC 21 and 22. Since these two AOPC were not included in the *Draft PA* the Navy decided to include them in the *Preliminary Assessment Field Sampling Plan (PAFSP)* for which field investigation is to be performed with the other AOPC proposed in the *Final PA*. In the *Draft PA Report*, DTSC will be requesting the Navy to provide the necessary information to fulfill the PA requirements for AOPC 21 and 22. As a result, the Department hereby concurs with this *Final PA*.

If you have any further questions, please contact me at (310) 590-5565.

Sincerely,

A handwritten signature in cursive script that reads "Alvaro Gutierrez".

Alvaro Gutierrez  
Base Closure Team Member
