Dear Mr. Rollefson:

**DRAFT PRELIMINARY ASSESSMENT FIELD SAMPLING PLAN (PAFSP) FOR THE
AREAS OF POTENTIAL CONCERN (AOPC) NAVAL STATION LONG BEACH, LONG
BEACH, CALIFORNIA**

The California Department of Toxic Substances Control (DTSC) has completed its review of the *Draft PAFSP AOPC Naval Station Long Beach, Long Beach, California (Draft PAFSP)*, dated December 1995. The *Draft PAFSP* was prepared by Bechtel National, Inc.

The *Draft PAFSP* presents the information adequately and DTSC is satisfied with the recommendations made in the plan. Because *AOPC 21* and *22* were presented during a meeting and are included in this plan, DTSC requests that an addendum be made to the *PA AOPC* report. This addendum should include all the necessary information to fulfill PA requirements for these two additional *AOPC* which were identified after the *Draft PA* for the original *AOPCs* was issued.

The Regional Water Quality Control Board-Los Angeles has no comments on this document. If you have any questions, please contact me at (310) 590-5565.

Sincerely,

Alvaro Gutierrez
