DRAFT FINAL RISK ASSESSMENT AT THE FORMER LONG BEACH NAVAL SHIPYARD GASOLINE STATION (BUILDING 101), LONG BEACH, CALIFORNIA (FILE No. 90-75)

Dear Ms. Valenzia:

We have received the Navy's *Draft Final Risk Assessment, Gasoline Station (Building 101) at the Former Long Beach Naval Shipyard, Long Beach, California* dated May 6, 2002. We have reviewed the report and have determined that our comments and concerns on all the draft versions of this report have been appropriately addressed and incorporated in to the draft final document. We have no additional comments on the draft final document. The Navy is authorized to submit the final version of this report.

If you have any questions regarding the above, please contact me at (213) 576-6738.

Sincerely,

Ana M. Townsend
Sanitary Engineer Associate

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption
For a list of simple ways to reduce demand and cut your energy costs, see the tips at: <http://www.swrcb.ca.gov/news/echallenge.html>

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
