Dear Captain Janov:

**FINAL HEALTH AND SAFETY PLAN SUPPLEMENT LONG BEACH NAVAL SHIPYARD,
LONG BEACH.**

The California Department of Toxic Substances Control (Department) has completed its review of the *Final Health and Safety Plan (HASP) Supplement Long Beach Naval Shipyard, Long Beach*, dated July 1, 1994, prepared for Southwest Division Naval Facilities Engineering Command by Bechtel National Inc.

The HASP describes measures, which shall be taken to protect the field personnel and the surrounding workers from exposure to potential physical and chemical hazards associated with the planned implementation of the Remedial Investigation/Feasibility Study Workplan. The Department believes that the HASP for the RI/FS implementation complies with the intent of 29 CFR 1910.12 and applicable regulations.
