Dear Mr. Colazas:

I'd like to extend my appreciation to Mr. Don Clarke and Mr. Rick Strahle of your office for the cooperation they have shown towards the Department of the Navy in its efforts in preparing the Remedial Investigation/Feasibility Study at the Long Beach Naval Station and Shipyard. In particular, the efforts provided in relating the local and regional hydrogeology have been very useful to the effort. It is my hope that this relationship may continue to grow, as I feel the results of our efforts will prove useful to all involved.

If you have any questions regarding this matter or need further assistance, please call me at (619) 532-2450.

Sincerely,
