Dear Sir:

Enclosed is a copy of the work plan for the Verification phase of the Navy Assessment and Control of Installation Pollutants (NACIP) program for Mare Island Naval Shipyard in Vallejo, CA. The purpose of the Verification phase is to verify the presence (or absence) of waste contamination at various potential sites and to determine which sites need further study under the NACIP program.

The Navy intends to authorize Richesin and Associates, Inc. of San Ramon, CA to implement the enclosed work plan in approximately three weeks. We request your comments on the plan by Feb 25, 1985. For further information on this matter, please contact Richard Seraydarian of this Command at (415) 877-7494.

Sincerely,

ALEX E. DONG
Acting Head,
